

EUROPEAN COLLEGE OF VETERINARY PUBLIC HEALTH

e-Newsletter 4-2017

Dear Diplomates and Residents
dear colleagues,

It is with great pleasure to remind you on this Year's ECVPH Annual Conference & AGM to be held 3-4. October 2017 in Liège.

The [program](#) will be very interesting because it will combine different complementary aspects that are connected with the two specialties of the College. We will also take advantage of hosting this Conference in order to encourage exchanges between Diplomates and Residents.

Lectures and workshops will take place in the prestigious setting of the Academic Hall of the University of Liège, in downtown Liège. The social program will also be very interesting and exciting as we will have dinner during a cruise on the wonderful River Meuse.

We look forward to seeing you in Liège next October.

! Approval of ECVPH Training Institutes !

Dear Diplomates,

As indicated in previous newsletters, EBVS has requested that we transform our "individual" residency program into "standard" residency programs. In order to further proceed the institutions where these training programmes are currently taking place should become approved. **To do so we have created a very simple procedure.** We only ask all institutions that are currently training residents of the ECVPH to provide us with the information requested for below. This is very little more than the info you also have provided to get the residency program accepted. We estimate that providing us with the info below will cost you **around 30 min** to one hour max!

It will be of great help to us if all of you would do this!

Thanks in advance for your kind co-operation,

Eleni Iosifidou, *Chair of the Education committee*

Jeroen Dewulf, *President*
