Guidelines for abstract submission

Abstracts need to be submitted in the defined format using the template downloadable from
https://ecvph.org/meetings-events/ecvph-agm-annual-scientific-conference-2025

All required fields need to be filled in to facilitate the further correspondence with the authors by conference organizers.
Abstract: body of the text should be a maximum of 300 words. All text should be single spaced. Single column format is requested. An "Arial" font is preferred in a minimum of 11 point. High quality printing is necessary. Abstracts received in an unacceptable form will be neither considered nor returned.

Save the abstract document in Word 97 or later format with your full name as the filename e.g. **Tom Stevens.doc** – if you are submitting more than one abstract, please submit them as separate documents and name them **Tom Stevens1.doc**, **Tom Stevens2.doc**, etc.

Please check that your abstract fits within the frame and include a word count – print your abstract to be sure of this.

Please send in your abstract by using the prepared template and address all additional enquiries regarding the poster session by e-mail to John TULLOCH; **john.tulloch@liverpool.ac.uk**
